**Second Notice of Filed Request for Board Review  
Decision Summary FA19003 / 1577912 Alberta Ltd. (Hines Creek Farms)**

The Board has received and is considering a request for board review (RFR) in relation to Decision Summary FA19003 from 1577912 Alberta Ltd. (Hines Creek Farms).

As part of his review of the application, the approval officer determined that the Hooper, Frixel and Wayland parties were not a directly affected party. The Hooper, Frixel and Wayland parties should have received notice of the request for review (RFR), and been advised of the opportunity to request that the Board reconsider the approval officer's finding that they were not directly affected by this application. To correct this oversight, the Board is now providing the Hooper, Frixel and Wayland parties the opportunity to make a submission requesting that the Board reconsider the approval officer's determination of their status. Submissions should clearly state how you would be directly affected by the proposed confined feeding operation.

The current status of the review is that the Board issued RFR Decision 2020-01 on March 10, 2020 granting a review, and has received submissions from Mr. Frixel, the approval officer, and Clear Hills County. You should include in your submission your views on the subject matter of the granted Board review; that is, "whether the Board should exercise its authority to approve the Hines Creek Farms confined feeding operation, notwithstanding an inconsistency with the MDP". Should the Board determine that you are a directly affected party, it will have full regard for your submission. All documents currently before the Board in this review can be accessed on the Board's website at:

<https://www.nrcb.ca/confined-feeding-operations/board-reviews-court-decisions-revamp/current-completed-board-reviews/405/1577912-alberta-ltd-hines-creek-farms>

Your submission must be filed on or before **April 10, 2020** by email to [laura.friend@nrcb.ca](mailto:laura.friend@nrcb.ca). The RFR form is attached for your convenience.

The Board will issue a decision on any RFRs received on directly affected status, and provide a revised date for all directly affected parties to file rebuttal and reply. All parties are advised that the current reply and rebuttal deadline of April 3, 2020 no longer applies.

Sincerely,

*Laura Friend*
