I recently received a letter from you to inform me that there is a proposed beef finisher feedlot

located within 1.5 miles of my home.

This is a letter in opposition and concern. My concerns are obviously the smell that will be generated

by this proposed feedlot. The increase in traffic and deterioration of the roads is a concern as a tax

paying citizen. This will decrease the value of our home and property as well as deter future sales of

said home and property.

We recently started to build on our property and this proposal is obviously upsetting.

This proposed feedlot will affect the quality of life that we had anticipated and expected.

I am sure there are more suitable locations for a large feedlot such as this. A location that is far

removed from homes and farms.

It is my understanding that this feedlot will be owned by someone out of province therefore not

being directly affected as we are as Albertan citizens.

Thank you for your consideration in this matter.
