Dear Joe:

Re: Application LA19032, Corner's Pride Farms Ltd. NE 7-7-20 W4M

I am a landowner within 1 mile and a resident within 2 miles of Corner's Pride Farms Ltd proposed development. Our family farm is a third-generation grain farm with a non-intensive cattle operation. I do not want an intense cattle operation and its negative impacts near my family farm.

The development of this operation will bring many negative impacts along with it. These negative impacts will not only affect my family farm but as well as residents in the County of Warner, County of Lethbridge and the Hamlet of Raymond. An intense cattle operation as such will increase road traffic and therefore increase dust, contaminate ground water and other water systems, attract flies due to the increase in manure and produce an unpleasant odour for the many residents in close proximity to it.

The many negative impacts a feeding operation brings will seriously impact the quality of living for not only my family farm but the many other family farms surrounding it. I do not want this feeding operation approved. Please see my following parcels of land in the County of Lethbridge and County of Warner near the proposed application LA19032:

NE 17-7-20 W4	NW 17-7-20 W4
NE 19-7-20 W4	SE 19-7-20-W4
NW 20-7-20 W4	SE 20-7-20 W4
SW 20-7-20 W4	SW 29-7-20 W4
SE 30-7-20 W4	NE 24-7-21 W4
SE 24-7-21 W4	SE 24-7-21 W4 Block A

Yours truly,

Helen Crombez
