Dear Bernie Vander Meulen:

**Re: Application LA19032 – Receipt of Part 1 – General Information and Disclosure
Corner's Pride Farms Ltd.
NE 7-7-20 W4M**

This is to acknowledge receipt of your Part 1 – General Information and Disclosure Application by the Natural Resources Conservation Board (NRCB) for a proposed operation at NE 7-7-20 W4M. The Part 1 application was received on August 1, 2019. This is the date that will be used to determine the minimum distance separation for the proposed operation.

Applicants have six months from the date of receipt of Part 1 – General Information and Disclosure to submit their completed Part 2 - Technical Information to the NRCB. Your Part 2 – Technical Information must be received by the NRCB on or before February 8, 2020. Please contact your Approval Officer if unforeseen circumstances arise and you wish to request an extension to this date.

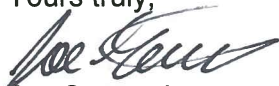

The NRCB will not begin to process your application (i.e., review it for consistency with the requirements of the *Agricultural Operation Practices Act* (AOPA)) until we receive the Part 2 application and determine that the application is complete. Notice will also be issued at that time, as required by the act.

Please reference Application LA19032 on all correspondence related to this application.

Please note: AOPA **does not allow** construction to commence on the work being proposed by the application until an AOPA permit is issued. Construction work on any development that requires a permit under AOPA is prohibited by the act until the required permit is issued.

If you have any questions or concerns please contact me at 403-381-5822 or by email at joe.sonnenberg@nrcb.ca.

Yours truly,

Joe Sonnenberg
Approval Officer

Encl.
