Good morning,

Last week I received no email in reply when I asked for more clarification on my permit info. So I hope to try again before its too late to give any missing information.

Has there any information requested of me, since the the permit process began middle of 2019, that has not been given to the NRCB?

I'm just looking for clarification on this as I would be very disappointed if after these 3 emails I sent over the past few days, no proper yes or no was given, and the permit would still be rejected on a basis that the i failed to hand in information or data requested of me.

Could you please give a clear answer?

Thanks
Arie
