Hi Cody,

I would like to inform you as well that I purchased a water license through the LNID. The agreement was signed on April 1, but the LNID board still has to sign it, and that won't happen till next week.

I am not able to give a copy of the water license agreement at this time, as it needs to be looked over by the board. I am willing to forward it to the NCRB once I have received it, or they may contact the LNID for more information about it.

Agreement #: C3-27-09-10-80-NE

Thanks  
Arie
