**RE: Hearing submission dates
RFR 2022-03 / RA22002 R&T Penner Farms Ltd.**

This is to advise you that the Board has reviewed Camrose County's request to provide a filing with the Board on May 11, 2022. Recognizing the benefit of having County Council's consideration of the proposed broiler chicken confined feeding operation expansion in the context of the relevant MDP provisions, the Board has determined that the requested filing extension is reasonable.

As the County will be providing its written submission to the Board on May 11, 2022, the filing date for written submissions from R&T Penner Farms Ltd. and the Approval Officer will be May 19, 2022. Once all submissions have been filed, the Board will determine next steps, including the need for written reply and whether an oral hearing is necessary.

Yours truly,

Bill Kennedy
General Counsel
