Hello, Laura

I want to repeat what I believe is key to this issue and that is that the public was not properly notified or given a chance to reply to a Notice of Application that appeared in the Fairview Post newspaper sometime after March 30, 2022 with a closing date for submissions, April 29, 2022.

The Fairview Post is not subscribed to by many people. As well as using this newspaper, the Clear Hills County Newsletter and a poster at the Cleardale store should have been used for advertising.

I am going to add that the application for expanding the feedlot was made before the end of November, 2021.

I am going to add that April is a busy time for residents and farmers in this area. Preparation is being made for the Easter time, also fellows are transitioning from Winter work into Spring work.
