**Board Information Request to County
Review of Decision Summary RA22027
Darcor Holsteins Inc.**

The Board received the County of Wetaskiwin's written hearing submission on April 3, 2024. The Board requests that the County provide it with some additional information, as follows:

1. The County stated on page 3, in first full paragraph: "... BRWA [Battle River Watershed Alliance] has disseminated a communique with respect to the Application not following best practices and recommendations from the perspective of watershed management ...". Please provide that communique.
2. The County stated on page 3, in second full paragraph: "... City of Wetaskiwin has expressed these concerns to the County previously during the initial referral period." Please advise if these concerns were verbal or written. If written, provide the document or documents expressing those concerns.

Your response before the hearing reply deadline of April 10, 2024 would be appreciated. This will allow it to be distributed so all parties have the full material record before the hearing commences on April 17, 2024.

If you have questions, please contact me at 403-297-8269 or laura.friend@nrcb.ca.

Sincerely,

Laura Friend
