Félix Camiré, E.I.T.
 Town of Canmore Engineering Services
 902 7th Avenue
 Canmore, AB T1W 3K1

Dear: Félix

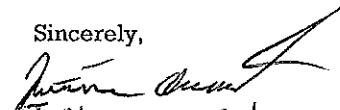

**Re: REDES Inc.
 Proposed to Town of Canmore
 Cougar Creek Debris Flood Retention Structure
 Project Location 14-34-24-10 W5**

The Tsuut'ina Nation Consultation/TUS team has completed a preliminary assessment regarding your project. We have concluded that at this time the Tsuut'ina Nation does not have any concerns with your project. However, we reserve the right to amend our position in light of any new information that suggests your project may impact the Tsuut'ina Nation's regarding Treaty rights or traditional use in the project area.

Further, we ask that you provide Tsuut'ina with any information regarding new projects at the earliest stages so as to allow for our team to conduct preliminary assessments in a more efficient manner. We have attached a map of our Traditional Territories, and require that your company consult with us on any of these lands including notification on private lands.

We appreciate the efforts you have made towards maintaining a good relationship with the Tsuut'ina Nation and we look forward to future contact with your company.

Sincerely,

 Justin Onespot
 Tonya Crowchild
 Consultation Director
 Tsuut'ina Nation
