---

Dear Ms Friend,

Thank you for your reminder voice message regarding submissions and participation in the March NRCB SR1 hearing process.

I wish to formally withdraw from participating in the March hearing process as my concerns and opinions are

100% aligned with CRCAG's efforts and advocacy. I have discussed this matter with them.

I will support CRCAG's effort going forward and participate through that organization.

I hope that this approach will lead to a more efficient hearing process, and quicker approval of SR1 flood mitigation project.

Yours very truly,

James Cran
