SENT BY EMAIL

Dear Mr. Kruhlak:

**Re: Springbank Off-Stream Reservoir Project – NRCB Application No. 1701**

The Board requests that Alberta Transportation provide a list of key commitments made on the public record by Alberta Transportation to the close of the NRCB hearing. The list should include those key commitments made in writing and entered on the NRCB document registry prior to and including the hearing as well as those provided orally through the course of the hearing.

Please contact me should you have any questions.

Yours sincerely;

Bill Kennedy  
General Counsel
