**RE: Piikani Nation Letter of Objection for Alberta Transportation Springbank Off-Stream Reservoir Project
NRCB APPLICATION NO. 1701**

Dear Ms. Friend and Mr. Svenson:

The Piikani Nation (Piikani) is filing this Letter of Objection on the above mentioned application. The Springbank Off-Stream Reservoir Project (the Project), as proposed, will impact the rights and interests of our members and the natural resources upon which they depend. As a result, this Project is of great interest to Piikani.

Please find attached our Statement of Concern, including our detailed technical review of the EIS outlining our concerns and intent to provide ongoing input to the Project through consultation with Alberta Transportation and regulatory bodies.

The Project is of interest and concern to Piikani and we look forward to working with Alberta Transportation as well as the regulators as the Project moves through the regulatory process. Please contact me directly at 403-965-2522 or ira.p@piikanation.com should you have any questions or wish to discuss this letter further.

Sincerely,

Ira Provost

Piikanikoan,

Manager Piikani Consultation & Piikani Traditional Knowledge Services
