Section 41 of the Agricultural Operation Practices Act (AOPA) provides the Board's jurisdiction to review an enforcement order:

- 41(1) The Board may, on the request of a person whom an enforcement order is directed, review and confirm, vary, amend or rescind the enforcement order.
- (2) An enforcement order takes effect at the time prescribed in the enforcement order and its operation is not suspended by a request for review, but the Board may, if it thinks fit, suspend the operation of an enforcement order when a review is requested until a decision on the review is rendered.
- (3) A written copy of the Board's decision under subsection (1) must be served on the persons to whom the enforcement order that is being reviewed is directed.

1. My grounds for requesting a review of the Enforcement Order are as follows:

THERE IS A LONG HISTORY HERE:

1st VISIT IN 2021 we were told the manure was not an issue. Agent quits enters new agent.

Cathryn THOMAS has been very decent to work with until recently.

THE REASONS - manure removal did not happen fast enough.

- constant harrasment from Warren Jackson.

cathryn told me he called them more than once per day and harrasmed them constantly

- we are subjected to Warren Jacksons harrasment, bullying, & discrimination daily - I understand that it is hard for someone so young to stand up to that.

- Our equipment was broken down for 1 yr. tractor worked with spears sometimes but we could not use the bucket.

AS A FEDERAL CHARITY we do not have the finances to hire a job like this out and rely on donations / and help to get this done. we needed our tractor operational which it now is. THE Last extention we worked.

1.) continued.

we worked 20 hours hauled 50 loads to the back but did not finish we are working all this weekend July long and next weekend if needed.

- At no time have we not agreed this needs to be done we just needed equipment to complete this.
- AT NO time have we NOT wanted to do this Warren Jackson is a very very very difficult neighbor and we are in fact considering charging him with harrasment, defamiation + discrimination.
- * I feel NRCB is falling into his trap of harrasment, defamiation + discrimination.

2. I believe that, as a result of the Inspector's Order, the following prejudice or damage will result:

THE DAMAGE WILL BE SIGNIFICANT TO OUR Federal charity Association. We are in the process of signing an agreement with catholic Social Services to bring ~~of~~ youth to spend time with the horses, an order like this could damage future relationships with us + other associations. Warren Jackson ~~and~~ only cares about himself

THE MANURE WILL BE COMPLETELY CLEANED IN THE NEXT COUPLE OF WEEKS WE NOW HAVE A TEAM + A SYSTEM IN PLACE.

Tractor is finally repaired
Help is coming July 1-3 July 8/9

* AND CATHRYN WE ARE A FEDERAL CHARITY ~~1~~ you can google that.
Society

3. I would like the Board to take the following actions with the respect to the Inspector's Order:

- Amend or vary the Enforcement Order
- Rescind the Enforcement Order

4. Please describe why you believe the Board should take this action:

I checked Amend but truthfully it should be rescinded, If it was not for Warren Jacksons none stop harrasment of cathyrn and her boss I believe they would have agreed to work with us as we found help and mangged to repair the tractor, at no time have we been vendictive or reluctant, we just did not have the equipment.

5. Pursuant to Section 41(2) of AOPA, if you are requesting the Board suspend the Enforcement Order until a decision on the review is rendered, please provide reasons below:

moving forward with further action against us will only hurt our association, we have worked extremely hard to build relations with

THE BRAIDED JOURNEYS THROUGH Catholic Schools Edmonton and now

Catholic Social Services. and this type of enforcement could alter those contracts over - manure that we are diligently working to remove.
