Application for Amendment – contd.

AMENDMENT INFORMATION REQUIREMENTS

Instructions:

For each part of your permit that you would like amended, please detail what change you would like made and why, and how your proposed change will meet the AOPA requirements. You may attach additional pages to this form to provide this information.

Please note that an approval officer may require a page (or pages) of the Part 2 application forms to be completed as part of this application for amendment, depending on what changes are proposed.

Moving Layer Barn due to water Drainage

AO Comment: Applicant indicated that the approved location for the new layer barn has a small drainage ditch that they cannot reroute. They are proposing to move the approved layer barn to the North of the Swine Barns to avoid the natural flow of water on the property. The dimensions and concrete specifications of the approved layer barn are not changing and continue to meet AOPA liner requirements. Livestock numbers are also not changing.
